A fellow who gave his name as Charles Lewis
was collared and run in yesterday by officer
Sexton for being drunk, and misconduct on
the streets. When taken in charge he was
chasing a number of half-grown girls up Sec-
ond street. The young misses were running
for dear life to escape their partner and that
they were very much frightened is putting it
mildly.

Mrs. Dr. Davis of East Second street had, at
considerable expense and great pain, arranged
a beautiful Christmas tree at her home for the
little folks. Yesterday while lighting the ta-
pers the cotton bedecking the tree caught fire
and burned everything on it. With rare pres-
ence of mind and great personal risk Mrs. Da-
vis gathered up a valuable rug on the floor and
smothered the blaze. Aside from the great
disappointment to the little ones in the loss of
their presents there was no considerable dam-
age.

How we do long for them good old times!

HERE'S another echo from the tombs! Last Friday's Cincinnati Times-Star contained in its local column this pathetic story—

"CHARLES DOLLAHAN, who began life as a member of a good family in Harrison, died an outcast in Bellevue Hospital, New York, this week. After having been raised with care, and having good prospects, DOLLAHAN was summoned as a Juror in the case of WILLIAM BERNER, who killed WILLIAM KIRK. The Jury returned a verdict of manslaughter, a finding which caused Judge MATTHEWS to score the Jury before it was dismissed. The burning of the Courthouse and other depredations by the mob followed as a result of that verdict. DOLLAHAN never regained the friendship of the world after that. He became a vagabond, did time in the Workhouse, and was a beggar. The fiancee of his young manhood days died, and he was apparently without a sympathizer in the world."

How the trail of the serpent is seen!

DOLLAHAN was one of the Jury that the late TOM CAMPBELL "fixed" to render the verdict that cost Hamilton county its Courthouse, with an attendant loss of \$4,000,000 and 63 precious lives!

TOM CAMPBELL!

Ugh!

And he, too, died the death of a dog?

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

CUTICURA TREATMENT IS A BLESSING

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hives, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

WAS TYPICAL DAY

Cheerful Christmas at Happy Homes in the Old Town

Yesterday was a typical Christmas Day. Though the sun was hidden behind a leaden sky the atmosphere was crisp, bracing and enjoyable—just the kind of weather that made moving about the streets delightful and agreeable.

A carpet of snow on the ground sufficient to have afforded sledding would have been more to the liking of the boys and girls perhaps, but notwithstanding the absence of the merry jingle of the sleighbells and the shouts of youth in snowball battle royal, there was good skating on the creeks and ponds, and that was compensation all sufficient and enjoyed to the fullest.

The past year has been a prosperous one for dwellers in this city. Bankers, professional men, merchants, artisans and laboring men have been blessed with having done exceedingly well, and as a result of this general prosperity there were many more happy home circles this Christmas than ever before, for all of which we should be thankful; still there were homes

bleak and cheerless for the want of the small comforts of life.

The various Churches gladdened the hearts of the little ones of their flock by entertainments and Christmas trees. The Matron of the City Almshouse and the Superintendent of the County Infirmary were not forgetful of the dependent ones in their care, a bounteous repast being served at both places, and Jaller McIlvain was mindful of the unfortunate ones in his charge; they, too, partook of a meal tempting and appetizing.

Altogether the day was a happy one.

Wanted—Two girls at the Model Laundry. Apply at once.

Master Bryson Royce was painfully and seriously burned about the face and head by the explosion of a powder can while celebrating Christmas at his home in West Third street.

The funeral of Mrs. William Gabby, whose death at the home of her daughter, Mrs. James M. Raine, was noted Monday, occurred last afternoon, the interment being in the Mayville Cemetery. Rev. Henry E. Gabby of Cadiz, James L. of Chicago, Prof. B. T. of Hickman and W. T. of Lexington were here to attend the funeral.

THE KENTUCKY LAW

What "Tax Free in Kentucky" Would Mean in the Development of the Bluegrass State

How the effect of the tax laws of Kentucky is viewed by a prominent Philadelphia Banker is expressed in the following extract from a letter received by a well-known Louisville Banker who recently was elected to the Vice Presidency of one of the largest Banks of that city:

"If you people can only get a just tax law in your state then you will assume a position you are entitled to and can maintain through the inherent wealth you have, but until you do, I, as a warm, and I may say enthusiastic friend of the state, see nothing inviting in your future." I wonder whether your law-makers have ever thought of what it would mean the state and the inhabitants thereof if they could print a prospectus offering bonds issued "Tax free in Kentucky." Four words, but how much they mean. They mean that money owned by Ken-

tuckians will be kept within the borders of their state and applied to the development of the state's interests. The state gets a tax on the bonds by assessing a tax rate on the corporation that issues the bonds.

"When I see the truly marvelous development of Pennsylvania and its interests, I stand in wonder and amazement trying to find its cause. I say aside from the state's great natural resources, it is due to the wise, just and equitable tax laws it has on its statute books. Do you know that notwithstanding the cost of our new State Capitol Building—nearly \$30,000,000—almost equal to the cost of the Congression Library Building at Washington, the state paid for it out of its revenue, and the state now has not a debt of any kind, but a surplus in its Treasury?"

Ask your doctor to name some of the results of constipation. His long list will begin with sick headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all. We save no special one preparation. J. G. Ayer Co., Lowell, Mass.

NAVY'S CO. BUNTING

Each Ship Carries 250 Flags—Total Expense \$60,000 a Year

wed away on every ship of the United Navy, from tugboat to 16,000 ton battleship, a bundle of flags, shoulder high and ten feet long, say the Washington men. About half the lot is composed of flags which are encased in thick paper bags, some of the country stenciled on them. The remainder, including those, are not wrapped, but tied and lettered. The pile contains regulation number each ship must

flag is given every three years it can be readily seen that the insignificant little Republic to the South of us is really costing the taxpayers of the country more than they would care to admit.

Then there is the flag of China, with its long, crawling mythical blood red dragon. To make that flag costs the Government something like \$40. The flag of Costa Rica, with its scenic beauty of mountain and sea, costs \$10, nearly as much as the costliest of them all, that of San Salvador.

The largest flag made by Uncle Sam's flag-makers is the United States Ensign No. 1, which is thirty-six feet long and nineteen feet wide. It costs \$40 to turn out a flag of this style.

The President's flag, while not the largest, requires the longest time of any to make, as it takes one woman a whole month to finish it.

Hon. Albert T. Root, one of Newport's distinguished lawyers, died Sunday of cerebral hemorrhage.

Our stock of toilet and manicure sets is too large. In order to reduce the stock we have made a great reduction on price. See before buying.

P. J. MURPHY, the Jeweler.

The Executive Committee of the Green River District American Society of Equity has sold to the American Tobacco Company 772 hogsheads of 1904 tobacco. This includes all of the 1904 equity tobacco in the counties of Daviess, McLean, Ohio, Hancock and Breckinridge counties. The average price was \$8.90. The purchase was made by John Englehardt, local representative of the American Tobacco Company. During the past few days he has bought about 750 hogsheads from independent houses.

This number of flags costs the \$60,000 a year, of which \$43,000 is one. Each ship has forty flags aboard constantly. These are at long and thirteen feet wide. When the ship is prepared to meet and other courtesies which naval etiquette demands, to all Nations whose high officials should come aboard or whose waters the vessel should enter while on a cruise.

As a ship's quota of flags is renewed every three years, it is no small job to keep enough flags on hand, and to this end Uncle Sam keeps a large flag-making establishment running at full blast the year round at the Brooklyn Navy Yard. Here there are nearly 100 skilled needle women working every day of the year except Sundays and holidays, cutting the vari-colored bunting strips and sewing and stitching them together in their proper place.

The most difficult part of the work is the making of the foreign flags, for some of them, be it known, are fearfully and wonderfully made, take, for example, the flag of San Salvador. In the back is a belching volcano, pouring forth its lava and white smoke. On the sides of the mountain is the green foliage and shrubbery. Directly in front is a tranquil sea of sapphire blue. Above the volcano is a rising sun, set in a design of overflowing cornucopias and a diamond, from which rays are scintillating in every direction. To the right and left of the volcano are draped in varied designs banners which laboriously try to pattern the Stars and Stripes, and yet not show the plagiarism. Around the whole concatenation is a wreath of cacti lovingly embracing the volcano, while at the top the date of the country's independence is inscribed.

To make a flag of San Salvador costs the Government just \$5250, and when one of those
